## CAREER OBJECTIVE

A driven and detail-oriented MERN Stack Developer with a strong foundation in front-end and back-end technologies. Experienced in building full-stack web applications, from creating engaging user interfaces with React to developing robust server-side solutions using Node.js and Express. Passionate about problem-solving, writing maintainable code, and continuously improving technical skills. Seeking an opportunity to contribute to innovative projects, collaborate with a talented team, and further enhance my expertise in modern web technologies.

## EXPERIENCE

**MERN STACK DEVELOPER, KITKAT SOFTWARE  
TECHNOLOGIES (Feb 2024- March 2025) Coimbatore**

**Project Name : DENTAL CLINIC MANAGEMENT SYSTEM .**

**Role: MERN Developer.**

**Tools & Technologies: React js ,Node js, Express js ,  
MongoDB .**

Developed a responsive dental care web application that allows users to browse services, schedule appointments, and access clinic information. The application emphasizes a seamless user experience with clean navigation and is designed for scalability and future enhancements.

**Project Name: PRODUCT SERVICE TRACKING  
APPLICATION.**

**Role: MERN Stack Developer.**

**Tools & Technologies: React js, Node js, Express js ,  
mongodb.**

Built a full-stack product tracking web application to streamline service workflows and manage product lifecycles. The platform supports real-time tracking, efficient order handling, and enhances customer communication to boost service transparency and operational efficiency

**Project Name: CRM - Application.**

**Role: MERN Stack Developer.**

**Tools&Technologies: React js, Redux, Node js, Express js,  
mongodb.**

Designed and developed a CRM web application to manage leads, customer data, and sales activities. The system includes features like automated alerts, reporting tools, and performance dashboards to support smarter business decisions and improve customer engagement.
